

## Federal Communications Commission

## § 73.865

certifies, under penalty of perjury, to one of the following statements:

(a) Neither the applicant, nor any party to the application, has engaged in any manner including individually or with persons, groups, organizations or other entities, in the unlicensed operation of any station in violation of section 301 of the Communications Act of 1934, as amended, 47 U.S.C. 301.

(b) To the extent the applicant or any party to the application has engaged in any manner, individually or with other persons, groups, organizations or other entities, in the unlicensed operation of a station in violation of section 301 of the Communications Act of 1934, as amended, 47 U.S.C. 301, such an engagement:

(1) Ceased voluntarily no later than February 26, 1999, without direction from the FCC to do so; or

(2) Ceased operation within 24 hours of being directed by the FCC to terminate unlicensed operation of any station.

### § 73.855 Ownership limits.

(a) No authorization for an LPFM station shall be granted to any party if the grant of that authorization will result in any such party holding an attributable interest in two LPFM stations separated by less than 12 km (7 miles).

(b) Nationwide ownership limits will be phased in according to the following schedule:

(1) For a period of two years from the date that the LPFM stations are first made available for application, a party may hold an attributable interest in no more than one LPFM station.

(2) For the period between two and three years from the date that the initial filing window opens for LPFM applications, a party may hold an attributable interest in no more than five LPFM stations.

(3) After three years from the date that the initial filing window opens for LPFM stations, a party may hold an attributable interest in no more than ten stations.

### § 73.858 Attribution of LPFM station interests.

Ownership and other interests in LPFM station permittees and licensees

will be attributed to their holders and deemed cognizable for the purposes of §§ 73.855 and 73.860, in accordance with the provisions of § 73.3555, subject to the following exceptions:

(a) A director of an entity that holds an LPFM license will not have such interest treated as attributable if such director also holds an attributable interest in a broadcast licensee or other media entity but recuses himself or herself from any matters affecting the LPFM station.

(b) A local chapter of a national or other large organization shall not have the attributable interests of the national organization attributed to it provided that the local chapter is separately incorporated and has a distinct local presence and mission.

(c) A parent or subsidiary of a LPFM licensee or permittee that is a non-stock corporation will be treated as having an attributable interest in such corporation. The officers, directors, and members of a non-stock corporation's governing body and of any parent or subsidiary entity will have such positional interests attributed to them.

### § 73.860 Cross-ownership.

(a) No license for an LPFM station shall be granted to any party if the grant of such authorization will result in the same party holding an attributable interest in any other non-LPFM broadcast station, including any FM translator or low power television station, or any other media subject to broadcast ownership restrictions.

(b) A party with an attributable interest in a broadcast radio station must divest such interest prior to the commencement of operations of an LPFM station in which the party also holds an interest.

(c) No LPFM licensee may enter into an operating agreement of any type, including a time brokerage or management agreement, with either a full power broadcast station or another LPFM station.

### § 73.865 Assignment and transfer of LPFM authorizations.

(a) An LPFM authorization may not be transferred or assigned except for a transfer or assignment that involves:

(1) Less than a substantial change in ownership and control; or

(2) An involuntary assignment of license or transfer of control.

(b) A change in the name of an LPFM licensee where no change in ownership or control is involved may be accomplished by written notification by the licensee to the Commission.

**§ 73.870 Processing of LPFM broadcast station applications.**

(a) A minor change for an LP100 station authorized under this subpart is limited to transmitter relocations of less than two kilometers. A minor change for an LP10 station authorized under this subpart cannot be limited to transmitter site relocations of less than one kilometer. Minor changes of LPFM stations may include changes in frequency to adjacent or IF frequencies, or, upon a technical showing of reduced interference, to any frequency.

(b) The Commission will specify by Public Notice a window filing period for applications for new LPFM stations and major modifications in the facilities of authorized LPFM stations. LPFM applications for new facilities and for major modifications in authorized LPFM stations will be accepted only during the appropriate window. Applications submitted prior to the window opening date identified in the Public Notice will be returned as premature. Applications submitted after the deadline will be dismissed with prejudice as untimely.

(c) Applications subject to paragraph (b) of this section that fail to meet the § 73.807 minimum distance separations, other than to LPFM station facilities proposed in applications filed in the same window, will be dismissed without any opportunity to amend such applications.

(d) Following the close of the window, the Commission will issue a Public Notice of acceptance for filing of applications submitted pursuant to paragraph (b) of this section that meet technical and legal requirements and that are not in conflict with any other application filed during the window. Following the close of the window, the Commission also will issue a Public Notice of the acceptance for filing of

all applications tentatively selected pursuant to the procedures for mutually exclusive LPFM applications set forth at § 73.872. Petitions to deny such applications may be filed within 30 days of such public notice and in accordance with the procedures set forth at § 73.3584. A copy of any petition to deny must be served on the applicant.

(e) Minor change LPFM applications may be filed at any time, unless restricted by the staff, and generally, will be processed in the order in which they are tendered. Such applications must meet all technical and legal requirements applicable to new LPFM station applications.

**§ 73.872 Selection procedure for mutually exclusive LPFM applications.**

(a) Following the close of each window for new LPFM stations and for modifications in the facilities of authorized LPFM stations, the Commission will issue a public notice identifying all groups of mutually exclusive applications. Such applications will be awarded points to determine the tentative selectee. Unless resolved by settlement pursuant to paragraph (e) of this section, the tentative selectee will be the applicant within each group with the highest point total under the procedure set forth in this section, except as provided in paragraphs (c) and (d) of this section.

(b) Each mutually exclusive application will be awarded one point for each of the following criteria, based on application certification that the qualifying conditions are met:

(1) *Established community presence.* An applicant must, for a period of at least two years prior to application, have been physically headquartered, have had a campus, or have had seventy-five percent of its board members residing within 10 miles of the coordinates of the proposed transmitting antenna. Applicants claiming a point for this criterion must submit the documentation set forth in the application form at the time of filing their applications.

(2) *Proposed operating hours.* The applicant must pledge to operate at least 12 hours per day.
